

Nutritious & delicious Ready-to-Eat Frozen Snacks, Indian Gravies & Breads

welcome to the world of ambrozia

Having established ourselves as proud leader
in food & beverages business in North India
over the last 25 years

FOOD – it's taste, aroma, texture & behavior is what we have
learned & mastered over this period, be it the Punjabi Tadka's or
the South Indian Spice; be it the Oriental or the Continental!!!!
When we look ahead, the next step for us naturally had to be the
Industrial Production of finished food.

the ambrozia edge

since our inception, 25 years ago
**we've focused on clock building and
not just time telling**

A philosophy rooted deep into our company
which has grown from a few passionate and
hard-working men into a large,
professionally run organization.

25 YEARS OF EXPERIENCE

25 years of rich experience in food industry, now it's time to share our passion for food of incomparable quality and taste to make your meals the most memorable at all times.

Now at AMBROZIA FROZEN FOODS we strive to bring our rich experience of food and taste to your dining table.

FROM THE LAND OF PUNJAB

Punjabi Cuisine is one of the most distinct and popular Indian cuisines. This cuisine has a rich tradition of many distinct and local ways of cooking. Distinctively Punjabi cuisine is known for its rich buttery flavours along with the extensive vegetarian dishes.

Ambrozia Frozen Foods being based in Punjab and with its rich experience in Punjabi food, brings this authentic taste to your households.

VARIETY AND AUTHENTICITY

Ambrozia Frozen Foods from its repertoire brings to you food with authentic recipes, ingredients and taste.

Over the years Ambrozia has been catering to wide spectrum of guests with varied tastes which has helped us master the recipes of a variety of dishes.

FRESHNESS SEALED

The products are generally frozen within limited time after cooking to lock in key nutrients and preserve taste.

Frozen Foods show great nutritional value and have an extended use by expiry date and prolongs their stay in the freezer keeping the food fresh, tasty, and healthy for human consumption.

100% TASTE RETENTION

Unlike Retort or Canned, since the food is not reheated, heat sterilized or preservatives added to store them, the frozen product guarantees 100% taste retention till the last day of its shelf life.

COST EFFECTIVE

Since the food products are manufactured in bulk quantity at industrial level, the per unit cost of each product is minimized for the consumer.

Also at the end user level i.e in a household, the consumer takes out and heats as much as is needed for a meal, hence reducing unnecessary wastage.

state-of-the-art FSSAI and BRC compliant plant

modern QC & QA Lab facilities with 4 parallel production lines

automised plant with processing capacity of 15 tons in a day

greenfield project spread across 9 acres of land

Set up in the serene & pollution free foothills of the picturesque Morni Hills in the northern state of Haryana, our state of the art plant is a greenfield project spread across 5 acres of land. Equipped with ultra modern QC & QA lab facilities, the plant has 4 parallel production lines running in about 30000sqft. The facility uses sustainable steps, such as rain water harvesting and waste product recycling for a pollution free environment.

Set up by promoters of Ambrozia Delicacies Pvt. Ltd, a leading F&B company from the Land of culinary Heritage- Punjab, **the plant is FSSAI, BRC,IFS,FSMA,FSSC 22000 & Halal certified** and is compliant to all export regulations across most of the world. The facility is strategically placed right in the middle of catchment area with abundant availability of fresh horticulture & non horticulture produce direct from the farm. The Company envisages contract farming in vast stretches of land adjacent, to ensure quality raw material.

The plant is located 50km's from the vegetable valley of India, Solan, in Himachal Pradesh. The dry port of Dappar is at a distance of 40km for an easy access to the port. The facility is located 30km's from the capital town of Chandigarh, thus providing easy availability of skilled man power. The surrounding areas have many govt. research centres which give us access to the modern agricultural research & practices.

The facility is majoritarily automised to ensure consistency and has a processing capacity of 15tons of produce per day. The facility is equipped with the best available machinery in food processing business for quality output. The highly skilled and experienced team of about 100 craftsmen & craftswomen is lead by Chef Oishi Neogy, a highly recognised name in the culinary world & a veteran of frozen food industry with over 25 years of experience. For us it's a forward integration of our 25 years of experience in food business. The passion for food - it's appearance, aroma & taste is what drives us. We are just not another brick & mortar food factory.
